

HOW WE DO IT

Your CJI Outreach Committee makes presentations at Medical Schools, Health Fairs (College, Corporate and Government), Addiction Treatment Facilities, Public Facilities such as Municipal building and Senior Centers and special events. We also continue to look for new venues to reach out to those who still suffer from this disease.

In addition to participating at Health fairs and making presentations at medical schools and addiction treatment facilities we are excited to have 2 new ways to reach out to those who are suffering from this disease but are not familiar with the OA Program of Recovery.

- A poster, with tear off tags, that can be placed in an appropriate area in a retail establishment, bus station, post office, or anywhere that people congregate. This was the winning poster in a "Poster Challenge".
- We have New OA literature which can be distributed to Medical Professionals, Clergy, Libraries and other Public and Private facilities whose patrons may not be familiar with OA and might be interested in learning more about the OA program of recovery.

If you are interested in participating in any of the above activities please contact the IG representative at your local meeting or attend the virtual CJI Intergroup meeting at 7:00pm on the 2nd Friday of every month (the IG rep at your local meeting will have the zoom address). If you would like to do service and still need additional information and/or help please feel free to contact me directly.

Sincerely,

CJIOC Chair
