

# What's New at Intergroup?

## August 2023

We met on August 11 at 7 PM. Due to summer events, several people were unable to attend, but we did make quorum.

If you are on the intergroup roster, and have not attended this summer, please expect a phone call or a text from me. I would like to encourage reps to attend the meeting. If you are the designated rep for your meetings and are unable to end, please consider getting somebody else to attend.

We did discuss the meeting time, and concluded that any change would be more destructive than helpful.

[Please read the statement from the WSO entitled What is an Outside Issue?](#)

This raises a very important point. I have been very fortunate that when I have shared about the intersection between my disability and my eating disorder, no one has labeled my disability as an outside issue. We all bring different identities into the rooms. Anything that impacts my serenity is worth sharing about.

We also reviewed the issue of the Google Phone, and concluded that it is now working. It really depends on people's willingness to do service.

[Please attend the Sponsorship Day workshop on 8/20.](#)
