

Hello Friends,

Very happy to again report at this month's intergroup meeting we had a great turnout of 12 reps, a guest and myself. We proceeded with business beginning at 7 PM this past Friday, October 10.

We devoted our 5 minute qualification to our beloved and courageous former chair, Robin B, who recently passed after a lengthy illness. Yesterday I spoke with Robin's husband and a obituary will be completed soon along with a memorial announcement most likely Nov. 8 at St Luke's Church in Metuchen. I will send this information out with the obituary, once I receive it.

We have an opening for a 3rd World Service delegate and again held nominations and still no nominees at this time and will continue nominations and election next month.

I am pleased to say that our present treasurer, Barbara was elected to a second term. We all thank you for your service.

Also included is a link to our CJJ website event page with current event flyers and meeting information plus a link to the October WSO News Bulletin. On November 1 Region 7 will be hosting our convention virtually, pre-registration required; flyer included. There was an earlier problem with payment but that has been resolved and recently registered myself without any payment problems.

A reminder to all meetings to ask first time newcomers how did they find us, very important to know this in getting our message out and attracting new members.

Our next intergroup meeting is November 14, hope to see you all there.
Yours in Service and Recovery, Ross
