

Hello Friends,

Very happy to again report at this month's intergroup meeting we had a great turnout of 13 reps, our Region 7 chair, LeeAnn S and myself. We proceeded with business beginning at 7 PM this past Friday, February 13.

Our meeting went long as we voted on the 2026 World Service Business Conference (WSBC) business agenda. This vote is for what intergroups and service bodies feel have merit to be on the business agenda. To be included on the agenda a 50% yes vote from the responding intergroups or service bodies is required.

Also included is a link to our CJI website event page with additional event flyers and meeting information plus a link to the February WSO News Bulletin. Included on the bulletin are links to important documents for the 2026 WSBC.

This Saturday, Feb. 28 is Unity Day, a special event celebrated on the last Saturday in February. CJI is having an online event and the flyer is included.

The re launch of the Today newsletter is now available on our web site, please announce it as well as print out some copies for your respective meetings. Additionally under events is the CJI outreach committee flyer requesting service for this very active committee.

A reminder to all meetings to ask first time newcomers how did they find us, very important to know this in getting our message out and attracting new members.

Our next intergroup meeting is March 13, hope to see you all there.

Yours in Service and Recovery, Ross
