

Hello Friends,

At this month's intergroup meeting we had 10 reps and myself. We proceeded with business beginning at 7 PM this past Friday, May 8.

Our delegate, Lucille P gave a wonderful report on the recent 2026 World Service Business Conference in Albuquerque which is included. Motion results were not discussed in detail as we are waiting for World Service in the beginning of June to issue a detailed report on business conducted including voting results and this will be discussed at the June intergroup meeting.

I read reports from Sue K, our Region 7 rep. on an exciting outreach opportunity with Region 7 during Obesity Week in November. One report is the background of the event and the second report is the minutes of the recent Region 7 meeting on this subject. Additionally included is the recent Region 7 Spring Assembly post assembly report.

Also included is a link to our CJI website event page with additional event flyers and meeting information plus a link to the April WSO News Bulletin.

A reminder to all meetings to ask first time newcomers how did they find us, very important to know this in getting our message out and attracting new members.

Our next intergroup meeting is June 12, please join us.

Yours in Service and Recovery, Ross
