

Hello Friends,

At this month's intergroup meeting we had 11 reps and myself. We proceeded with business beginning at 7 PM this past Friday, June 12. During credentials we noted that sadly CJI has lost one more meeting (Tues. Brick Online) and we now number 32.

I announced that due to the stress and time needed when you buy and sell a house which our family is now going through, I will be taking a hiatus from intergroup for the months of July and August. I will be leaving you in the capable hands of our vice chair, Alex C. I will resume chair duties at the September intergroup meeting.

We spoke of motions from the 2026 World Service Business Conference in Albuquerque. We discussed a detailed report from World Service on the business and bylaw motions addressed and this report is included. I will mention a few points. As a result of the voting, the OA Preamble has been changed with the words compulsive overeating changed to read as compulsive eating. Additionally no Steps or Traditions were changed including the method to change them.

Obesity Week was again discussed and have included the minutes from the recent June 7 CJI Outreach Comm. meeting.

Also included is a link to our CJI website event page with additional event flyers and meeting information plus a link to the May WSO News Bulletin. The latest edition of our Today newsletter can now be found on our site.

A reminder to all meetings to ask first time newcomers how did they find us, very important to know this in getting our message out and attracting new members.

Our next intergroup meeting is July 10, please join in.

See you in September.

Yours in Service and Recovery, Ross
